7<sup>th</sup> 8<sup>th</sup> 9<sup>th</sup> GRADE ORIENTATION

Dear Parents,  
Our mission at St. Francis is to successfully navigate students through the transformative journey from young adolescent boys to outstanding Christian gentlemen. Through God's grace and love, the teachings and virtues of our patron, St. Francis de Sales, and the many good people and families connected with our school, we provide a real academic, spiritual, social and physical foundation for our students.

Great education involves both information and formation. We strive for not only well-informed but well-formed graduates who have the life skills to succeed as college students, as friends, citizens, future husbands and fathers, and faith-filled believers.

God bless our efforts to become all God created us to be.

President
